Subject Index for Volume 14

A

Account surplus
  current, in international policy coordination model, 1
AGAS model
  of North American natural gas markets, 16
Agricultural price policies
  in standard partial equilibrium trade simulation models, 121
  trade liberalization and, 561
Agricultural trade barriers
  OECD, effects of on importing and exporting countries, 121
Akaike information criteria
  autoregressive process identified by, 214
Alcohol
  demand, policy implications of in Poland, 93
Applied general equilibrium (AGE) model
  specifications of, 65
Arbitrage conditions
  interest rate, 453
Argentina
  dynamic model of demand for currency in, 335
ARMAX process
  forecast confidence and, 535
Armington assumption
  in general equilibrium modeling, 66
Armington elasticities
  for manufacturing sectors, 631
Asia
  endogenous growth in life-cycle model and, 184
  J curve from developing countries in, 643
Asset holdings
  endogenous growth in life-cycle model and, 180
Asset markets
  in general equilibrium model with financial markets, 145
Assymetry
  in dynamic model of demand for currency in Argentina, 343
Auerbach-Kotlikoff simulation model
  endogenous growth in, 167
Austral Plan
  dynamic model of demand for currency in Argentina and, 337
Automobile production
  in general equilibrium modeling, 77
Autoregressive conditional heteroskedasticity (ARCH) model
  demand for currency in Argentina and, 354
  demand for narrow money in Norway and, 374
  impact of changes in governmental policies on economic performance and, 209
Average real wage
  in modeling NAFTA proposal, 113

B

Backward-looking behavioral model
  of domestic price determination in Denmark, 401
Balance-of-payment deficits
  in general equilibrium model with financial markets, 135
Banking sector
  in general equilibrium model with financial markets, 148
Barro's model
  of taxation and economic growth, 183
Baumol-Tobin elasticity
  in dynamic model of demand for currency in Argentina, 344
Belgium
  general equilibrium modeling of, 72
Bertrand behavior
  in general equilibrium modeling, 68
Bias
  in standard partial equilibrium trade simulation models, 121
Bilateral trade flows
  in general equilibrium modeling, 77

©Society for Policy Modeling, 1992

0161-8938/92/$5.00

Black market
in dynamic model of demand for currency in Argentina, 336
Bond investment quota
in dynamic modeling of demand for narrow money in Norway, 365
Book Review
Taking Money Seriously, 131
Borrowed reserves
strategy, in modeling central bank behavior, 237
Borrowing rate increases
in general equilibrium model with financial markets, 135
Box-Jenkins time-series models
cointegration and, 252
Brazil
J curve from, 643
Breakpoint
in testing for parameter instability in linear models, 517
Britain
general equilibrium modeling of, 66
small open economy of, 600
British Broadcasting Corporation (BBC)
advertising time sold by, 281
Budget deficit
chronic, in Poland, 93

C

Canada
general equilibrium modeling of, 67
multiproduct acreage response systems in, 583
national health insurance in, 45
natural gas markets in, 14
Canadian-U.S. Free Trade Agreement
energy use parameters of, 14
Capital account balance
in modeling NAFTA proposal, 116
Causality
in central bank behavior, 227
exogeneity and, 263
impact of changes in government policies on economic performance and, 209
Cecchini report
in general equilibrium modeling, 67
Central bank
behavior, modeling of, 227
in general equilibrium model with financial markets, 148
reaction functions, U.S. presidential administrations and, 222
Ceteris paribus
associated with increase in migrant remittances, 200
Chow statistics
demand for currency in Argentina and, 346
demand for narrow money in Norway and, 374
in parameter constancy and minimizing MSFE, 467
Ciemex model
of Mexico, 106
Clothing
in standard partial equilibrium trade simulation models, 121
Coal
in energy use policy, 13
Cobb-Douglas production function
endogenous growth in life-cycle model and, 172
Cobweb model
exogeneity and, 253
Cochrane-Orcutt scheme
to correct for autocorrelation, 635
Cogeneration
in energy use policy, 14
Cointegration
in domestic price determination in Denmark, 401
in dynamic model of demand for currency in Argentina, 335
in dynamic model of demand for narrow money in Norway, 363
Finnish manufacturing wages and, 429
order of, in U.K. money demand data, 313
overview of, 251
purchasing power parity and uncovered interest rate parity in U.K. and, 453
synopsis of, 395
Combined-cycle gas use
in energy use policy, 14
Commission of the European Communities
in general equilibrium modeling, 67
Comparative advantage
in general equilibrium modeling, 82
Computable general equilibrium (CGE) models

Armington elasticities and, 635
with financial markets, financial repression and liberalization in, 135
of trade liberalization and agricultural prices, 561
Conditional model analysis
in dynamic modeling of demand for narrow money in Norway, 370
Confidence intervals
for linear combinations of forecasts from dynamic models, 535
Conjectural variations
in general equilibrium modeling, 68
Constant elasticity of substitution (CES) specification
in general equilibrium modeling, 70
for import demand, 631
Constant elasticity of transformation (CET) specification
in general equilibrium modeling, 66
Consumer price index
forecast confidence intervals and, 535
Consumption
aggregate life-cycle model of, 517
Contemporaneous reserve accounting
in modeling central bank behavior, 229
Convergence hypothesis
role of in health policy, 41
Copra market
impact of changes in government policies on, 209
Country sectoral output and factor contents
in general equilibrium modeling, 77
Cournot behavior
in general equilibrium modeling, 68
Credit markets
regulations of, in dynamic modeling of demand for narrow money in Norway, 365
segmented, in general equilibrium model with financial markets, 135
Crowding-out
in general equilibrium model with financial markets, 143
Current account balance
long-run equilibrium of, 1
in modeling NAFTA proposal, 116
CUSUM test
of parameter instability in linear models, 519

D

Data generation process
in econometrics, 288
Debt monetization
during U.S. presidential administrations, 222
Deficits
in general equilibrium model with financial markets, 135
Demand elasticities
in general equilibrium modeling, 81
in general equilibrium model with financial markets, 135
Demand models
for alcohol and tobacco in Poland, 93
Demographics
endogenous growth in life-cycle model and, 167
Denmark
domestic and foreign effects on prices in, 401
Deposit rate increases
in general equilibrium model with financial markets, 135
Deregulation
in dynamic modeling of demand for narrow money in Norway, 363
Developing countries
endogenous growth in life-cycle model and, 184
Dickey-Fountis procedure
unit root nonstationarity in multiproduct acreage response systems and, 590
Dickey-Fuller statistic
cointegration and, 272
in dynamic model of demand for currency in Argentina, 341
Differentiated goods
in general equilibrium modeling, 67
Direct loan controls
in dynamic modeling of demand for narrow money in Norway, 365
Direction of causality
endogenous growth in life-cycle model and, 167
Dixit-Stiglitz utility function
in general equilibrium modeling, 67
Domestic price determination
in Denmark, 401

Dumping
in general equilibrium modeling, 82
Durbin-Watson statistic
Armington elasticities and, 635
cointegration and, 273
in dynamic model of demand for currency in Argentina, 341
Dynamic models
confidence intervals for linear combinations of forecasts from, 535
of demand for currency in Argentina, 335
of demand for narrow money in Norway, 363
Dynamic multipliers
in assessment of impact of changes in government policies on economic performance, 209

E

Earnings
endogenous growth in life-cycle model and, 167
Econometric analysis
of TV advertising expenditure in U.K., 281
Economic conditions
as determinants of public health policy, 41
Economic growth
endogenous growth in life-cycle model and, 179
Economic performance
government policies and, 209
Economies of scale
in general equilibrium modeling, 77
Edison, Miller, and Williamson rule
for international policy coordination, 1
Effective exchange rate
cointegration and, 271
Egypt
J curve from, 643
Elasticities of substitution
between differentiated products, 69
Employment parameter
in modeling NAFTA proposal, 111
Encompassing
Finnish manufacturing wages and, 429
forecast model, overview of, 465
Endogenous growth
in life-cycle model, 167
Energy Modeling Forum (EMF)
study of North American natural gas markets by, 13
Energy use
level and mix of, policy actions in alteration of, 13
Engle-Granger techniques
cointegration and, 273, 335
Environment
energy use policy and, 13
Equilibrium
endogenous growth in life-cycle model and, 172
Finnish manufacturing wages and, 429
Equivalent incomes
in general equilibrium modeling, 86
Error correction models (ECMs)
for aggregate life-cycle model of consumption, 517
cointegration and, 252, 396
demand for currency in Argentina and, 338
Finnish manufacturing wages and, 429
TV advertising expenditure in U.K. and, 292
U.K. money demand data and, 314
Eurodollar interest rates
cointegration and, 271, 453
European Economic Community (EEC)
1992 integration program of, 65
in general equilibrium modeling, 65
inflation affected by increasing economic integration in, 401
J curve from developing countries in, 643
multiproduct acreage response systems in, 584
public health policies in, 42
Exchange rate
cointegrating purchasing power parity and uncovered interest rate parity in U.K. and, 453
in modeling NAFTA proposal, 113
"target zone" level for, 1
Exogeneity
cointegrating purchasing power parity and uncovered interest rate parity in U.K. and, 453
overview of, 251
strict, 263
strong, 259
super
demand for currency in Argentina and, 335

dynamic modeling of demand for narrow money in Norway and, 363
forecast confidence intervals and, 536
overview of, 262
parameter constancy and, 465
parameter instability in linear models and, 517
synopsis of, 395
weak
dynamic modeling of demand for narrow money in Norway and, 363
overview of, 253
purchasing power parity and uncovered interest rate parity in U.K. and, 453
testing, in U.K. money demand data, 313
External theories
domestic price determination in Denmark investigated via, 401

F

Farm income
effect of migrant remittances on level and distribution of, 187
Federal debt
monetization of, 222
Federal Reserve Bank
Indices of Industrial Protection, in development of domestic output series, 634
Federal Reserve Board
modeling central bank behavior and, 228
U.S. presidential administation appointments to, 221
Fertility models
for explaining observed inverse relation between economic and population growth, 167
FIML estimates
of TV advertising expenditure in U.K., 299
Financial capital flows
addressed by NAFTA proposal, 104
Financial markets
financial repression and liberalization in general equilibrium model with, 135
Financial repression and liberalization
in general equilibrium model with financial markets, 135
Finland
manufacturing wages in, 429
Firm differentiation
in general equilibrium modeling, 74
Fiscal policy
foreign wealth target and, 1
in inflation control, 1
Fisher hypothesis
in dynamic model of demand for currency in Argentina, 336
Forecast performance
measures of, 465
Foreign direct investment
in modeling NAFTA proposal, 114
Foreign exchange market
in general equilibrium model with financial markets, 143
Foreign price index
trade-weighted, 271
Foreign transmission effects
on small open economy, 401
Foreign wealth target
fiscal policy assigned to, 1
Forward-looking expectations model
in domestic price determination in Denmark, 401
France
general equilibrium modeling of, 72
as monetary authority, 246
Free reserves
in modeling central bank behavior, 229
Free trade
in general equilibrium modeling, 67

G

G-7 countries
targeting by, 498
GAMS model
of North American natural gas markets, 16
Gas Trade Model
of North American natural gas markets, 16
Gauss-Siedel algorithm
endogenous growth in life-cycle model and, 176
"General-to-specific" methodology
in dynamic model of demand for currency in Argentina, 335
Germany
general equilibrium modeling of, 73
as monetary authority, 221, 246

GET general equilibrium model
overview of, 73
Gini coefficient
size distribution of income measured by, 187
Government policies
economic performance and, 209
in general equilibrium model with financial markets, 151
Gramm-Rudman-Hollings deficit reduction legislation
passage of, 222
Greece
general equilibrium modeling of, 79
J curve from, 643
GRI North American model
of North American natural gas markets, 16
Gross national product (GNP)
endogenous growth in life-cycle model and, 169
modeling central bank behavior and, 241
natural gas markets and, 15
oil shock of 1974 and, 519
percentage of, as government health expenditure, 47
trade liberalization and agricultural prices in context of, 562
TV advertising expenditure in U.K. and, 304
U.S. presidential administrations and, 223

H

Health Resources Index
in assessment of determinants and effects of public health policies, 49
Heckscher-Ohlin mechanism
in general equilibrium modeling, 87
Helicopter money
in central bank behavior, 227
Herfindahl index mechanism
in general equilibrium modeling, 89
Holland
general equilibrium modeling of, 81
policy optimization by lexicographic preference ordering and, 655
Hong Kong
general equilibrium modeling of, 78
Household goods
in general equilibrium modeling, 77
Household-farm income
effect of migrant remittances on level and distribution of, 187
Households
in general equilibrium model with financial markets, 147
Human capital
endogenous growth in life-cycle model and, 167
Hyperinflation
in Argentina, 336
Hysteresis effects
Finnish manufacturing wages and, 429

I

ICF model
of North American natural gas markets, 16
Imperfect competition
general equilibrium modeling under, 65
in an open economy, 599
Import demand
CES specification for, 631
Income demand elasticity
for alcohol in Poland, 95
of Mexican imports and exports, 107
Income growth per capita
endogenous growth in life-cycle model and, 167
Income inequality
direct, indirect, and intertemporal effects of, 187
Independent Broadcasting Authority (IBA)
U.K., advertising time sold by, 283
Independent Television Authority (ITA)
U.K., advertising time sold by, 283
India
J curve from, 643
Individual's problem
endogenous growth in life-cycle model and, 169
Industrial production
in dynamic modeling of demand for narrow money in Norway, 363
Inelastic demand
in general equilibrium modeling, 67
Infinite horizon models
endogenous growth and, 167
Inflation
in Argentina, 335
control, fiscal and monetary policy in, 1

domestic price determination in Denmark and, 401
in general equilibrium model with financial markets, 135
rate, in modeling NAFTA proposal, 113
Instability tests
for linear models, 517
Insurance
in general equilibrium modeling, 81
Intercountry price differentials
in general equilibrium modeling, 77
Interest rates
cointegration and, 271
demand for currency in Argentina and, 335
demand for narrow money in Norway and, 363
in general equilibrium model with financial markets, 135
in international policy coordination, 1
in modeling central bank behavior, 230
in U.K., 453
Internal labor market theories
domestic price determination in Denmark investigated via, 401
International factor movement
trade liberalization and agricultural prices in context of, 561
International Monetary Fund (IMF)
assessment, of trade barrier effects, 121
International policy coordination
simple rules for, 1
International reserves
change in, in modeling NAFTA proposal, 116
Intervention policies
effects of on integrating spatial markets, 209
Intravillage impacts
of migrant remittances, 190
Invariance
super exogeneity as conjuction of weak exogeneity and, 262
Investment capital
addressed by NAFTA proposal, 104
Investment demand elasticities
in general equilibrium model with financial markets, 135
Inward-oriented economic policies
high cost of, 66
Ireland
general equilibrium modeling of, 66
Iron
in general equilibrium modeling, 77
in standard partial equilibrium trade simulation models, 121
Italy
general equilibrium modeling of, 78

J

Japan
general equilibrium modeling of, 79
as monetary authority, 246
Jarque-Bera test
in dynamic modeling of demand for narrow money in Norway, 373
Jaw-boning
indirect, presidential pressure effects on monetary policy implementation via, 224
J curve
from less developed countries, 641
Johansen technique
cointegrating purchasing power parity and uncovered interest rate parity in U.K. and, 453
domestic price determination in Denmark and, 402
in dynamic model of demand for currency in Argentina, 341
in dynamic modeling of demand for narrow money in Norway, 372
Joint venture
endogenous growth in life-cycle model and, 185

K

Kolmogorov-Smirnov statistics
impact of changes in government policies on, 214
Korea
J curve from, 643
Kuhn-Tucker conditions
endogenous growth in life-cycle model and, 171
Kurtosis
impact of changes in government policies on, 214

L

Labor-intensive manufactures
in standard partial equilibrium trade

simulation models, 121
Labor market policies
Finnish manufacturing wages and, 429
Labor supply
endogenous growth in life-cycle model and, 167
Latin America
J curve from developing countries in, 643
public health policies in, 46
Leptokurticity
impact of changes in government policies on, 210
Less developed countries
general equilibrium modeling of, 81
J curve from, 641
migrant remittance effects on size distribution of income in rural areas of, 187
trade balances of, 641
Lewin model
of North American natural gas markets, 16
Lexicographic preference ordering
policy optimization by, 655
Life-cycle models
aggregate, of consumption, 517
endogenous growth in, 167
Linear models
testing for parameter instability in, 517
Linear-quadratic optimal control problem
with costly adjustment, acreage response functions and, 586
Liquidity preference
in general equilibrium model with financial markets, 147
Ljung-Box statistic
in validation of modeling procedures used in market efficiency testing, 210
Loanable funds
demand for, in general equilibrium model with financial markets, 146
Loan guarantee limits
in dynamic modeling of demand for narrow money in Norway, 365
Lomé Convention preferences
erosion of, 121
Long-run multipliers
dynamic, in assessment of impact of changes in government policies on economic performance, 209
Lucas critique
domestic price determination in Denmark and, 401
exogeneity and, 264

M

Macroeconometric models
of domestic price determination in Denmark, 401
of Mexican economy, 99
Macroeconomic aggregates
in general equilibrium modeling, 86
Macroeconomic policies
addressed by NAFTA proposal, 105
Manufacturing sector
Armington elasticities for, 631
in Finland, 429
in general equilibrium modeling, 67
Maquila case
in modeling NAFTA proposal, 106
Marginal models
in dynamic modeling of demand for narrow money in Norway, 381
Markups
in general equilibrium modeling, 75
Medicare and Medicaid
as indices of U.S. public health policy, 45
Meta-production function scale
in general equilibrium modeling, 78
Mexico
J curve from, 643
migrant remittance effects on size distribution of income in rural areas of, 187
Mexico-United States free trade and investment area (NAFTA) proposal
macroeconometric evaluation of impacts on Mexico and, 99
Migrant remittances
direct, indirect, and intertemporal effects of, 187
Migration
addressed by NAFTA proposal, 104
Minimum efficient scale
in general equilibrium modeling, 77
Mining sector
U.S., Armington elasticities for, 631
MIT North American model
of North American natural gas markets, 16

Model's mean square forecast error (MSFE)
as measure of forecast performance, 465
Momentum effects
migrant remittances and, 201
Monetarist theories
pure, domestic price determination in Denmark investigated via, 401
Monetary aggregates strategy
interest rate operating procedure, 235
nonborrowed reserves procedure, 236
Monetization
of fiscal and balance-of-payment deficits, in general equilibrium model with financial markets, 135
Money stock determination
simple, bare-bones model of, 229
Most competitive country
in general equilibrium modeling, 78
Most favored nation tariffs
proposals for reduction of, 121
Motor vehicles
in general equilibrium modeling, 78
Multidimensional utility analysis
constrained multiple goal problem in one-to-one relationship with, 655
Multilateral trade negotiations
partial equilibrium models in ex post analyses of, 121
Multiple criteria decision-making methods
in business models, 655
Multiple development paths hypothesis
role of in health policy, 42
Multiproduct acreage response systems
policy implications in, 583

N

Narrow money
dynamic modeling of demand for in Norway, 363
National health insurance and health service
as indices of public health policies, 41
Natural gas markets
U.S., structural model comparison of, 13
NEB model
of North American natural gas markets, 16
NERA model
TV advertising expenditure in U.K. and, 304
Nerlovian partial adjustment
supply model with, for acreage response functions, 585
Newly industrialized countries
agriculture protection in, 561
Nonborrowed reserves
in modeling central bank behavior, 230
Nonsense correlations
cointegration and, 252, 396
Nontariff barriers
magnitude of effects of on international trade, 121
North America
natural gas markets in, 13
North-South trade
general equilibrium model of, 561
Norway
dynamic modeling of demand for narrow money in, 363

O

Oil
in energy use policy, 13
exportation, in dynamic modeling of demand for narrow money in Norway, 363
price, forecast confidence intervals and, 535
shock of 1974, slowdown in aggregate output associated with, 519
world price of, cointegrating purchasing power parity and uncovered interest rate parity in U.K. and, 453
Oligopolistic markets
effect of quotas on, 75
One-shot policy shock
unit root nonstationarity in multiproduct acreage response systems and, 583
OPEC shocks
strong exogeneity and, 262
Open economy
domestic and foreign effects on prices in, 401
imperfect competition in, 599
Own-price elasticity
for alcohol in Poland, 95

P

Pakistan
J curve from, 643
Parameter constancy
as measure of forecast performance, 465

Parameter instability
testing for in linear models, 517
Parameter invariance tests
Finnish manufacturing wages and, 429
Partial equilibrium models
in ex post analyses of multilateral trade negotiations, 121
of trade liberalization and agricultural prices, 561
Partial systems
weak exogeneity and, 320
Peacock Committee
in financing of the BBC, 281
Perfect competition assumption
in general equilibrium modeling, 65
Permanent income hypothesis
in dynamic model of demand for currency in Argentina, 339
Philippines
impact of changes in government policies on economic performance in, 209
J curve from, 643
Physical growth
endogenous growth in life-cycle model and, 167
Point elasticity estimates
in demand models for alcohol and tobacco in Poland, 93
Poland
policy implications of alcohol and tobacco demand in, 93
Policy coordination
international, simple rules for, 1
Policy models
comments on evaluation of, 497
Policy optimization
by lexicographic preference ordering, 655
Political conditions
as determinants of public health policy, 41
Pollutants
in energy use policy, 13
Population growth
endogenous growth in life-cycle model and, 167
Portugal
general equilibrium modeling of, 79
Predeterminedness
overview of, 263
Prediction interval statistic
in parameter constancy and minimizing MSFE, 467
Predictive-failure test
of parameter instability in linear models, 519
Preference drift
in general equilibrium modeling, 80
Presidential administrations
U.S., influence of on monetary policy, 221
Price differentials
intercountry, in general equilibrium modeling, 77
Price discovery process
in assessment of impact of changes in government policies on economic performance, 214
Price elasticities
of alcohol and tobacco in Poland, 93
of Mexican imports and exports, 107
TV advertising expenditures in U.K. and, 281
Price level
in general equilibrium model with financial markets, 149
Primary reserve requirements
in dynamic modeling of demand for narrow money in Norway, 365
Primavera Plan
in dynamic model of demand for currency in Argentina, 337
Private investment
in modeling NAFTA proposal, 112
Producer price indices
Armington elasticities and, 633
Productivity
endogenous growth in life-cycle model and, 174
Finnish manufacturing wages and, 429
in modeling NAFTA proposal, 117
Protection
in general equilibrium modeling, 78
Public health policy
determinants and effects of, 41
Purchasing power parity
in U.K., tests of cointegrating exogeneity for, 453

Q

Quadratic costs criteria
in policy optimization by lexicographic preference ordering, 655

Quantity theory of money
in dynamic model of demand for currency in Argentina, 339
Quarterly data modeling
of TV advertising expenditure in U.K, 281
Quasi tariffs
in general equilibrium modeling, 65
Quotas
oligopolistic markets affected by, 75

R

Real cash balances
in dynamic model of demand for currency in Argentina, 335
Real exchange rates
in general equilibrium modeling, 86
stabilization of, 1
Real expenditure
in dynamic modeling of demand for narrow money in Norway, 363
Real sector
in general equilibrium model with financial markets, 139
Real wages
in Finnish manufacturing, 429
in general equilibrium modeling, 86
Regime shift
in model instability, 517
Remittances
direct, indirect, and intertemporal effects of, 187
Reserve requirements
in dynamic modeling of demand for narrow money in Norway, 365
in modeling central bank behavior, 229
"Rest of the world"
in general equilibrium modeling, 74
Rowse model
of North American natural gas markets, 16
Rural areas
in less developed countries, migrant remittance effects on size distribution of income in, 187

S

Savings supply elasticities
in general equilibrium model with financial markets, 135
Seemingly unrelated regressions
unit root nonstationarity in multiproduct acreage response systems and, 590
Sensitivity analysis
of human capital technology, 176
Services export equations
in modeling NAFTA proposal, 108
Shipbuilding
in general equilibrium modeling, 77
Single market of 1992
in general equilibrium modeling, 67
Skewness
impact of changes in government policies on, 214
Smith and Venables approach
in general equilibrium modeling, 65
Social-accounting matrices
for applied multisectorial trade models, 633
Social knowledge
in human capital production and growth, 173
Social Security Administration
U.S., national health insurance statistics of, 46
Socioeconomic conditions
as determinants of public health policy, 41
Spain
general equilibrium modeling of, 79
Spatial market integration
impact of changes in government policies on economic performance and, 209
Spillover effect
endogenous growth in life-cycle model and, 180
Spurious correlations
cointegration and, 252, 396
Standard partial equilibrium trade simulation models
magnitude of two sources of bias in, 121
Steel
in general equilibrium modeling, 77
in standard partial equilibrium trade simulation models, 121
St. Louis model
in modeling central bank behavior, 241
Structural models
cointegration and, 252
"Struggle for life"
in general equilibrium modeling, 74
Supply and demand
in central bank behavior, 242

in energy use policy, 13
in general equilibrium modeling, 66
in general equilibrium model with financial markets, 135
Supply elasticities
in standard partial equilibrium trade simulation models, 121
Surplus rent
in general equilibrium modeling, 78

T

Taiwan
general equilibrium modeling of, 78
Tariff equivalent wedges
in general equilibrium modeling, 65
Tariffs
magnitude of effects of on international trade, 121
Taxation
endogenous growth in life-cycle model and, 167
Television
advertising expenditure in U.K., econometric analysis of, 281
TERA model
of North American natural gas markets, 16
Terms-of-trade changes
in general equilibrium modeling, 66
Textiles
in standard partial equilibrium trade simulation models, 121
Time deposit interest rates
in general equilibrium model with financial markets, 153
Time endowment
distribution of over life cycle, 178
Tobacco
demand, policy implications of in Poland, 93
Trade balances
of less developed countries, 641
in modeling NAFTA proposal, 114
Trade barriers
effects of, 121
Trade creation
in standard partial equilibrium trade simulation models, 121
Trade diversion estimates
in standard partial equilibrium trade simulation models, 122
Trade liberalization
agricultural prices and, 561
Trade shares
in general equilibrium modeling, 66
Trading relationships
addressed by NAFTA proposal, 103
Transactions demand
in general equilibrium model with financial markets, 147
Treasury bill rate
in cointegrating purchasing power parity and uncovered interest rate parity in U.K., 453
TSUSA items
in Armington estimation, 633
Turkey
general equilibrium model for, 135

U

Unchanged profits
in general equilibrium model with financial markets, 135
Uncovered interest rate parity
in U.K., tests of cointegrating exogeneity for, 453
Unemployment
Finnish manufacturing wages and, 429
United Kingdom
cointegration and, 271, 313
econometric analysis of TV advertising expenditure in, 281
general equilibrium modeling of, 72
as monetary authority, 246
money demand in, 313, 465
purchasing power parity and uncovered interest rate parity in, 453
weak exogeneity and, 313
United States
central bank behavior and, 227
free trade and investment area agreement between Mexico and, 99
general equilibrium modeling of, 77
health policy in, 45
as monetary authority, 246
monetary policy influenced by presidential administrations of, 221
multiproduct acreage response systems in, 584
natural gas markets in, 13
output growth rates in, 517

United States-Canada free trade agreement
in general equilibrium modeling, 67
Unit root nonstationarity
for multiproduct acreage response systems, 583
Uruguay Round negotiations
about reform of antidumping code, 82
Utility parameter
endogenous growth in life-cycle model and, 174

V

Value added tax
in general equilibrium modeling, 79
Variable-addition test
in dynamic model of demand for currency in Argentina, 358
Vector autoregressive (VAR) model
central bank behavior and, 228
cointegrating purchasing power parity and uncovered interest rate parity in U.K. and, 454
dynamic modeling of demand for narrow money in Norway and, 363
exogeneity and, 253
TV advertising expenditure in U.K. and, 297
U.K. money demand data and, 313
unit root nonstationarity in multiproduct acreage response systems and, 584
Venezuela
consumer price index, and oil price in, 535

W

Wage formation system
in Finnish manufacturing, 429
Wage inflation
in domestic price determination in Denmark, 401
WALRAS-SE model
in general equilibrium modeling, 73
Wedges
in general equilibrium modeling, 65
Welfare gains
in general equilibrium modeling, 65
Wellhead price
of oil, 14
Wheat/barley acreage response systems
policy implications in, 583
Wholesale price index
cointegration and, 271
Working capital financing
by firms in general equilibrium model with financial markets, 135
World economy
effect of European community 1992 integration program on, 65

Z

Zero conjectures
in general equilibrium modeling, 75
Zero profit assumption
in general equilibrium modeling, 78
in general equilibrium model with financial markets, 135
